## Cloud Nine - Silver

This package has been designed to accommodate functions where the client wants the very best in music and video presentation for their event in a variety of different style venues that are capable of accommodating that extra level of entertainment beyond the Bronze package.

The Silver package is especially popular for weddings, birthdays, theme nights and affiliated clubs and places Cloud Nine in a league far beyond that of most mobile disco's.

Silver Package minimum dimensions:

6 mtrs 19¾ ft (Width) x 2.5 mtrs 8¼ ft (Depth) x 2.5 mtrs 8¼ ft (Height)

This package is used widely in venues that have a closing time beyond the Bronze package time of 11:30PM typically Clubs and Hotels.

It comprises two 6 mtr (19ft) goalpost systems upon which the lighting and video screens are winched up in the air and provide a spectacular overhead lighting display. This package includes the Laser shows, star cloths and populates the entire length of the goalpost system with a vast array of different effects. This package also includes a 6 mtr frontal lighting show inclusive of a high quality sound system.

With this package Cloud Nine has the ability to display the clients photographs, images or video clips which enhance persay a wedding where the photographs of the daytime events can be shown to the evening guests. It can also show logo's etc on the video screens and plasma displays for corporate recognition prior or during the music presentation.

Additional charges per half hour apply should the function go on later than 11:30PM and is reliant wholly upon the venue to accommodate the extra length of time. It is also stated that this is the minimum size show that can be set up in a venue determined by the physical and electrical aspects of the show.
